

INTRODUCING A NEW PARTNERSHIP WITH...

“Keeping Independent Private Practices Independent”

What is IndependDENT Dental Solutions (IDS)

IndependDENT Dental Solutions (“IDS”) is an Independent Dental Collaborative created on behalf of independent dentists to leverage the members’ collective buying power in order to drive down the cost of supplies, lab, capital equipment and much more. This allows private practicing dentists to stay independent and receive all the same benefits of corporate dental groups.

- We are a *mission-driven movement* to unify the independent dental market.
- Our goal is to help private practice dentists not only *survive*... but *thrive*!
- We are **member-driven**, members set the priorities
- Our model is **FREE**

To learn more, please visit <https://independent-ds.com>

Why MDIB partnered with IDS

“I partnered with MDIB so that mommy dentists can feel empowered and be treated as business women on an even playing field. Partnering with IDS gives us the opportunity to help make our practices run efficiently with the right support staff behind us.”

- Dr. Grace Yum DDS
Founder, MDIB
